## À LA CARTE

Kraš Auditorium  
26.10.2019.

# Introduction

Dear colleagues,

It is our great pleasure to invite you to new slide on the "ORTHOPAEDICS A LA CARTE" menu. This time we are cooking around the shoulder. In this area there are plenty of unanswered questions. Whether you face a top athlete or a forty year old woman, you might have a dilemma. Not always are the symptoms clear, in this field you can drift away into a thick forest and seek the sunshine. The patients interpret their symptoms in their own way which can sometimes pull you away from the road to solution. In this symposium, we wish to present you a short basic knowledge, followed by experts who will share with you their experience and discuss the best treatment.

This symposium is organized by FORTH and Croatian Orthopaedic Society because we strongly believe that together we can better endorse orthopaedic knowledge.

Welcome to „Shoulder À la Carte“, visit beautifully Zagreb in the autumn! Some good Chefs are waiting for you!
